

Introducing a New Integral Ended Press-Fit Ball Valve

Hattersley are pleased to introduce a new integral ended Press-Fit ball valve.

The new Isolation valve, complete with integral M-Profile press-fit connectors, will complement Hattersley's existing Geberit Ended Press-Fit range of Strainer, Double Regulating, and Check Valves.

The WRAS Approved Press-Fit integral ended Ball Valves, are designed for both new-build and refurbishment projects, and can be installed on a variety of pipe materials.

Hattersley are pleased to confirm they will warrant the Press-Fit connection in accordance with Hattersley standard terms and conditions. The connection must meet Hattersley Installation, Operation, and Maintenance guidelines, and the pipe specification must comply as follows:

- Hard R290 copper pipe to BS EN 1057
- Half hard R250 copper pipe to BS EN 1057
- Carbon steel pipe to BS EN 10305-3
- Stainless steel pipe to BS EN 10312

Fig. 114.PF

Features & Benefits of the new Integral Ended Press-Fit Valves:

- Quarter-turn full-bore isolation valve complete with integral M-Profile press-fit connectors, for reliable sealing
- O-Ring features define leak paths, to identify unpressed joints
- Press indicators which surround the pressing contours, give visual identification of a pressed joint
- Suitable for a variety of tubes to meet a diverse array of application requirements
- Quickly and easily installed using a Press-Fit tool, with site labour time reduced by 20% - 25%
- Available in a variety of operators, to meet application requirements
- WRAS Approved to 85°C for use on wholesome (potable) water applications

Part Numbers, Pricing & Stock:

The new Fig. 114.PF Integral Ended Press-Fit Ball valves will be presented to the market with the same list prices as the existing Fig. 100.PF Geberit Ended Press-Fit Ball valves. The new Press-Fit Ball Valves will be stocked by our larger distributors, and in Hattersley's Northampton warehouse from mid-February.

Please contact your sales representative for part numbers, technical data and price list.
